

# THE HAMLIN HERALD

IN 35TH YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS FRIDAY, AUGUST 2, 1940

NUMBER 40

## A VOTE GETTER

GOV. W. LEE O'DANIEL

Every day and year history is made in Texas, and future readers of history will wonder how one W. Lee O'Daniel did it, but he did; not once but twice like this:

O'DANIEL ..... 607,614  
(And they are not all counted yet)  
THOMPSON ..... 240,960  
HINES ..... 119,707  
FERGUSON ..... 96,281  
SADLER ..... 59,261  
DAVIS ..... 3,975  
CONDON ..... 1,988

A record of 1,130,326 votes have been counted, and still not all in. Nearly 16,000 more than ever before.

## Another Vote Getter

Lieutenant Gov. Coke Stephenson

Above you see "Old Texas Abe" of the hills near Junction, Texas.

Lieutenant Governor Coke Stephenson is not to be grinned at when it comes to landing votes. In fact, he had a walk-over.

## E. C. Waldrop Leads In Com. Race Fisher Co.

Hamlin people are naturally interested in official affairs in the eastern side of Fisher County.

In the race for Commissioner of Precinct No. 2, the vote stood as follows, unofficial count:

Waldrop ..... 266  
Miers ..... 229  
Cameron ..... 77  
Dean ..... 73

## COUNTY TREASURER'S RACE IN JONES COUNTY LOOKS LIKE THIS

Bill Armstrong ..... 1632  
Olin Potts ..... 966  
Clarence Young ..... 789  
Charles Stifflemire ..... 502  
Geo. W. Poe ..... 494  
Rex Reddell ..... 367

## COUNTY JUDGE'S RACE IN JONES COUNTY ENDED LIKE THIS SATURDAY

Pope ..... 1813  
Smith ..... 1658  
Locke ..... 1408

## Mrs. Oma Spraberry Expresses Gratitude

I am thankful for the expression of confidence you gave me in Saturday's election, and I shall try to the best of my ability, to justify every vote you gave me.

MRS. OMA SPRABERRY

Adding machine rolls 15c or two for 25c at the Herald Office.

## Hamlin Oilers Play Wichita Falls Spudders Sat. and Sunday, Here

The fast boys from Wichita Falls will invade Hamlin City Park at 4:00 P. M. Saturday, August 3 to try their luck on the Hamlin Oilers.

Then again on Sunday afternoon at 3:30 they will try again, or something against the Oilers. Whatever they do they will earn it... have to fight for all they get.

Tell your base ball fans to meet the Oilers and let out all the yells needed.

## Race For State Representative Turned Out to Be 'Hoss' Race

Here are the latest reports on the State Representative's race.

It is hardly possible to tell who is going into the run-off, but if anything like the figures herewith hold good, it is Fitzgerald against Russell, or maybe the other way 'round. Here is their standing:

Fitzgerald ..... 1818  
Russell ..... 1653  
Young ..... 1555  
Bates ..... 1456

## J. B. Terrell and Family Thank The Fire Boys

Mrs. Terrell, J. B. Jr., and I wish to thank each and every one for every thing they have done for us in our misfortune and also for the many encouraging remarks to us.

We especially want to thank the Hamlin Firemen for the untiring efforts they made to save our place of business. And we are surely grateful to the Stamford Fireboys for coming to our aid. Every one did everything humanly possible, and were in danger constantly all during the fire.

I also wish to thank Mr. B. B. Colwell publicly for offering me his building absolutely free of cost to use until I could dispose of my damaged merchandise.

We are rushing our affairs as fast as we possibly can to get back in a new and more modern business. Our many customers have asked if we would be back in the grocery business. I am glad that it is possible for me to say yes. If my present plans are carried out, I will be back in business by September 1st. Wishing to thank every one once more in Hamlin and the surrounding trade territory as well as my many friends in other towns for the telephone calls and letters of encouragement, I am

Forever Grateful,  
J. B. (Bud) TERRELL

Mrs. Arlie Cassle is visiting her parents, Mr. and Mrs. C. B. Albritton in Waco this week.

## COTTON INSECTS

By L. W. Bramblett  
Field Representative  
Hamlin Cotton Oil Co.

## COTTON FLEA HOPPERS

The adult flea hopper is about one-eighth of an inch long, has a light green or grayish color, and its body is shaped similar to the common fly. The young insect, which is known as the nymph, is also light green, moves about rapidly, and is without wings until it is almost grown. The flea hopper feeds on several different kinds of weeds in addition to the cotton plant. Some of these weeds are the giant carpet weed, the broomweed, ragweed, cotton or goatweed, horsemint and many others including most weeds that have the odor of mint. When these weeds die out during the summer the flea hopper has little choice but to go to the cotton plant for its feeding and breeding place. A special dusting of sulphur applied with a dusting machine will completely control the flea hopper.

Attention all farmers: Our Entomologist will inspect your cotton for insects without charge.

HAMLIN COTTON OIL MILI

## HOW HAMLIN VOTED SAT., JULY 27, 1940

It was not practical to ascertain the complete vote in Jones County polled last Saturday, but there are two boxes in Hamlin which may be taken as accurate and complete. So to keep the record straight, we give the vote below: (Only in contested races):

## Appreciates Your Vote

W. C. (Ted) RUSSELL  
Of Hamlin

TO THE PEOPLE OF JONES AND SHACKELFORD COUNTIES:

I wish to sincerely thank you for the splendid vote given me in the Primary last Saturday.

Unofficial returns indicate that there will be a run-off in this race, in any event, I want you to know that I greatly appreciate the vote and support given me and that I will make an active campaign in the August Primary. I hope to see as many of you as possible between now and August 24th, and will appreciate your vote and influence for this important State office.

Sincerely yours,  
W. C. (Ted) RUSSELL  
Candidate for State Representative  
115th District

## F. F. A. Boys Attend Encampment at Cisco

A number of boys from the Hamlin Chapter went to Cisco Thursday to attend the F. F. A. encampment at the Cisco Lake. Various contests and sports will be enjoyed. They will return Saturday afternoon.

## Revival Meeting At Dovie Begins Today

Rev. Hamilton Wright, pastor of the Methodist church (Baird, Texas, will be with us at Dovie (5 miles east of Hamlin) for a revival meeting beginning Friday, August 2, and extending through Sunday, August 11th.

Bro. Wright is a great man of God and an accomplished preacher. Come and be with us for both morning and evening services.

Mr. and Mrs. Hughie (Slim) Cooley will have charge of singing and music.

WESLEY TURNER, Pastor

The Herald anywhere, 1 yr. \$1.00.

## Two Hamlin Boys Off To Aviation School

Last Saturday two big fine fellows departed for two different Aviation Schools to begin study to master the air, under the direction of the Army Air Corps.

Leo Fielder, son of Mr. and Mrs. L. E. Fielder, Route 1, Hamlin, is entering the Spartan School at Tulsa, Okla.

J. B. Terrell Jr., son of Mr. and Mrs. J. B. (Bud) Terrell of Hamlin, is entering Hancock School at Santa Maria, Calif.

There are several angles of advantage to these boys in entering the Army Aviation Corps: The main thing is the schooling, including more than mere planes and machinery. They will have transportation, all needed clothing, board and room, medical care and \$75 per month.

Another thing valuable to any American boy is that this training will give them discipline, and the way to do things quickly and orderly.

Before these young men could enter the Aviation schools, they had to be high school graduates and have two years of college work. Leo Fielder had his college work, 4 years in Texas Wesleyan at Fort Worth and J. B. Terrell Jr., had one year in Texas University and one year in Baylor University.

Approximately nine months will be required for these fellows to "acquire their wings" and receive the rank of Second Lieutenant in the Army Flying Corps. The next training will be in Randolph Field where more mysteries and power will be solved. After this they can become regular army flyers or take the "Reserve Officers List."

Fielder and Terrell say the physical examination test is the strictest known. They know it takes the best of the best to stand the "pressure."

## MRS. FLANIGAN DIED IN SWEETWATER

Funeral notices were distributed in Hamlin last Friday morning, giving information that Mrs. William Flanigan, former citizen of the Swedonia community, west of Hamlin, died at her home in Sweetwater at 2:17 P. M. Thursday, July 25.

The funeral service was held at the Sweetwater Methodist church by Rev. A. R. Meador and Rev. Mrs. H. C. Cagle of the Mt. Zion Church 10 miles west of Hamlin. Burial was in Sweetwater by the side of the husband.

Mrs. Lala Harbert returned Sunday from Mineral Wells where she had been for three weeks with her sister, Mrs. Henry Whitley, who is yet very seriously ill.

## Next District Judge Expresses Appreciation

OWEN THOMAS

To The Citizens And Voters:

I am deeply grateful for every courtesy and consideration shown me and my family during the recent campaign, and for the very splendid vote I received at the Democratic Primary, including large majorities in Jones and Fisher Counties, whereby I was nominated your District Judge for the 104th Judicial District.

Upon election and qualification I shall ever strive to perform my duties in a manner worthy of your confidence and in keeping with the dignity and responsibilities attached to this Judicial office.

OWEN THOMAS

## Drs. Joe W. and L. P. McCrary Express

## Thanks To Firemen

We desire to express our appreciation to those who rendered us assistance on the morning of the fire, and to the fire boys of Hamlin and Stamford, who fought so faithfully to extinguish the fire.

Dr. L. P. McCrary will maintain his offices at his residence in South Hamlin, temporarily.

Miss Marian Martin came home last week from John Tarleton summer school to be at home the rest of the summer. She will return in September.

How many people do you think were killed during the first six months of 1940? Answer, 766—Killed in cities, towns, on highways and country roads. Most of them killed because some one drove too fast. That's not all; 1155 were injured more or less.

Roy Tims left Thursday for Amarillo to join the 131st field artillery and from there will go on to Cravens, La., to spend a month in training. Roy is now a corporal.

## IF FAMINE . . . ?

The innocent often suffer most in this world—and that is true in the case of war. There will be a famine in Europe this winter, say the authorities, and only two powers will be comparatively immune. Those are the two belligerent powers — Germany and England.

Germany has systematically looted all the granaries of the countries she has seized. And the English fleet is still adequate to keep her merchant shipping going.

Famine means plague, disease, untold misery. And if it comes, it means the collapse of the Europe we have known. It takes many years for a people to recover from the effects of even one season of starvation and malnutrition.

Question is whether this country will help if famine strikes. We have surplus food aplenty. We could sell it, give it away, or barter it abroad. Yet, looking at the problem realistically, we would thus be fattening up potential enemies. It is a problem where humanitarian considerations, and our self-interest as a democratic world power in a dictator-ridden world may prove totally opposed.

Famine will more than likely prove the greatest factor in stopping the present war in Europe.

## Robert Cross Is Very

### Grateful To Voters

To the Voter and Citizens of Jones County:

I am very grateful to the voters of Jones County for the confidence they have placed in me in re-electing me to the office of District Clerk of Jones County. This is a responsible and important office in your county and the best way that I know of in which to express to you my appreciation for your support, is to give you efficient and courteous service, which I pledge to do to the best of my ability.

I realize that no man can be elected to office without the work and support of his friends and I therefore especially am thankful for the loyal support of my friends in my behalf which has made my nomination possible. I shall ever strive to merit your support and confidence by rendering you that type of service to which you are entitled from a public officer.

Sincerely yours,  
ROBERT W. CROSS

J. T. HINDMAN NOMINATED  
CONSTABLE FOR HAMLIN

I want to thank everyone for the good vote you gave me in the primary last Saturday, that nominated me to be your next Constable of Precinct No. 5.

J. T. Hindman, Hamlin, Tex.

## Congressman Garrett Leads First Primary

CLYDE L. GARRETT

According to the latest returns from the 17th Congressional District, 12 counties (11 complete) gives:

Garrett	20,361
Russell	16,693
Blanton	8,755
Miller	8,486

### GARRETT TO RETURN TO

#### STAGE HIS CAMPAIGN

Washington, July 31—Representative Clyde Garrett of Eastland, only Texas congressman facing an opponent in the state's democratic run-off election August 24, announced he would return to his district the last of the week "for an intensive campaign."

His opponent in the run-off contest will be District Judge Sam Russell of Stephenville.

Eastland, Texas  
July 30, 1940

Congressman Clyde L. Garrett in Washington, D. C., today (Aug. 1), authorized his wife to issue the following statement: "I am sincerely and profoundly grateful for the most overwhelming vote which the people gave me Saturday. I am very grateful for the wonderful loyalty shown by my friends by their co-operation with my wife and children in presenting my candidacy. My friends assure me that their efforts in my behalf will be redoubled in the run-off. They will never know how much I appreciate this. The splendid plurality given me is both very gratifying and encouraging. Due to the unfair, unwarranted and untrue accusations made against me during my absence and in the closing days of my campaign, some of which I have just learned and which it is my responsibility to refute personally, it is my purpose to conduct an intensive campaign during the run-off."

## In The Contest For A Seat In Congress

HON. SAM RUSSELL

TO THE PEOPLE OF THE  
17th CONGRESSIONAL DISTRICT:

I desire to take this method of expressing my thanks and appreciation for the wonderful vote that was cast in my behalf Saturday, July 27th. I shall always treasure this manifestation of confidence as one of the finest compliments I have ever received.

I appreciate the fact that my home county gave me the largest percentage vote in the district. They gave me a sixty-seven per cent vote over all my opponents, while my opponent who is now in the run-off received only fifty-seven per cent of the votes of his home county.

I am deeply grateful for the hundreds of people who are writing me volunteering their support and aid, for the hundreds who have come to my office and home and pledged their aid and efforts to the extent that my candidacy will be placed before all the people.

It is impossible for me to answer all these letters and communications now; however, just as quick as it is physically possible, I will acknowledge personally each and every letter, card and telegram that has been received.

I shall do my utmost to see as many of the voters as possible and try to visit each and every box in the district. In the meantime, however, I take this method, and here now solicit the vote and influence and personal efforts of all the voters of the district. With all my friends, old and new, organized into one great force, we will win by an overwhelming majority; and when we win, it will be our greatest delight to serve the greatest people on earth—you.

Respectfully yours,  
SAM RUSSELL, Candidate for Congress, Seventeenth Congressional District

Mrs. Sharp, Evangelist

W. T. Hamby of Blackwell, Okla., was in Hamlin last week visiting his sister, Mrs. Mary Leonard while on his way to Parker, Arizona. It had been seventeen years since she had seen him.

## Striking At Nation's Stomach

The people are willing and anxious to dig down in their pockets for the billions which are necessary to defend the United States in a hostile world of force. But the people should not be expected to tolerate unnecessary drains on their incomes. Laws which deter enterprise and artificially boost the cost of living must be relegated to the scrap heap. "Anti-efficiency" laws directed at modern distribution methods are good examples of this kind of legislative negation.

An army fights on its stomach. The same is true of nations. We are not at war. But we are fighting against time to gain the power to survive in the event that war is ultimately forced into our hemisphere. By all odds one of the most essential tasks is the low-cost distribution of food and other necessities. This is the stuff on which morale is built—and it becomes all the more important at a time when the portion of national income absorbed by government is taking a sudden and drastic rise. America has perhaps the most efficient distribution system in the world. But pressure groups have been attacking this system on the

ground that it is too big and too efficient! Many states have passed laws which, in effect, make economy and efficiency in distribution a crime.

What we need today is more efficiency, not less. We need more efficiency in our people, in our industries—and in our legislative halls. Business and political groups that spend their time in irrelevant sniping at imaginary evils of some other group, might well be looked upon with favor by the fifth columnist.

### Burt Dean Grateful

To the Voters of Jones County:

I am sincerely grateful for the votes accorded me in Saturday's election. Although I had no opponent, that fact makes me even more appreciative of the confidence held in me by the voters of the county.

In discharging the duties of the office, I will make every effort to serve impartially and efficiently in order to merit the wholehearted support accorded me.

Sincerely,  
BURT DEAN

Mrs. L. S. Magee underwent a minor operation in the Stamford Hospital Monday. She is recovering nicely.

## THANKS

I am very grateful to the people of Jones County for putting me in the run-off for County Treasurer. If anyone is more grateful to those who helped him than I am, it is simply because he has a greater ability to appreciate favors done him. Your splendid support caused me to lead the ticket by between seven hundred and eight hundred votes, for which you have my profound thanks. I now solicit your support in the second primary. If you will elect me, I promise to discharge the duties of this important office faithfully, conscientiously and efficiently.

Gratefully yours,  
C. J. (Bill) ARMSTRONG  
Candidate for County Treasurer

## Philathea Class In Open Air Meeting

The Philathea Sunday school class had a devotional brought by our class teacher, Mrs. Richardson, under the trees in the Park Wednesday morning. The devotional was followed by a business meeting and the following officers were elected to serve until September:

President, Clara Louise Shelburne.  
1st vice-president, Lois Ellen Stell.  
2nd vice-president, Faye Barton.  
3rd vice-president, Inez Howard.  
Secretary, Mary Elizabeth Tindal.  
Assistant Sec'y., Loleta Ubben.  
Reporter, Mary Emily Eakin.  
Two group captains, Ada Jane Howard and Jane Bryson.

Mrs. Richardson treated us to ice cream. Those present to enjoy the treat were: Lois Ellen Stell, Ada Jane Howard, Faye Barton, Mary Elizabeth Tindal, Loleta Ubben, Nelda Scott, Inez Howard, Mary Emily Eakin.

We are hoping all the old members and several new ones will be present Sunday. —Reporter

The Herald anywhere, 1 yr. \$1.00.

Mrs. R. A. Crockett left Wednesday for Mineral Wells to spend 3 weeks taking a needed rest. Mrs. Crockett has been closely confined to her home duties for seventeen years because of the ill health and deafness of her mother and the long illness of her late husband.

Visit the Herald and tell us your troubles—we also want your business.

## Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless: A quarter to a half-teaspoonful of spicy, aromatic, all-vegetable BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

## GRATEFUL

WALTER S. POPE, Jr.

### TO THE VOTERS OF JONES COUNTY:

I am very grateful to those of you who supported me in Saturday's primary by giving me the largest vote cast for any one candidate for Co. Judge. I also wish to thank you for the personal endorsement and recommendation given me in speaking to your friends throughout the campaign and the personal work many of you have done for me. I earnestly solicit your continuation of this support throughout the August run-off primary.

To those of you whose candidate's name will not be on the second primary ballot, I will appreciate your investigation of my character and qualifications to serve you in all branches of the County Judge's office, and earnestly solicit you to vote for me and to give me your active support in the August Primary.

To all I wish to state that I have not, during this campaign, engaged in any petty politics, but have run solely upon my qualifications to serve you as presiding officer of your Commissioners Court and as Judge of your Probate and County Courts, and I expect to continue my campaign upon this high plane. I am keenly sensitive of the fact that the good people of Jones County in selecting a man to fill this important office will give first consideration to his character and qualifications.

Inspired by the loyalty of friends and the large plurality vote just given me, I feel confident that a large majority of the Jones County citizenship will vote for me in the August primary. And if I am so fortunate, I will enter the office without any prejudice toward anyone, and with the fixed determination to serve you honestly, efficiently, courteously, and with equal consideration to each and every citizen of Jones County.

WALTER S. POPE, Jr.

## DOVIE NEWS

By Vada Taylor

The young people's council met at the home of Mr. and Mrs. Ed Bessire Tuesday evening. Morris Bessire brought the worship program. Reports were given by the various committees. Programs were not assigned for the coming month as the literature has not been received. Various games were played, then refreshments were served by Mrs. Bessire and son, Morris. The evening was enjoyed by all.

The League program for Sunday evening, July 28, proved very interesting. The subject was, "What Makes a Vocation Christian?" This seemed a suitable subject for young people who will soon be out in the world on their own. Every young person should always be sure that the vocation he has chosen is Christian. Leader for the evening was Alvis Cooley. J. K. Cooley read the scripture, then talks were given by Elvin Cooley and Vada Taylor.

Rev. Byrd was unable to keep his appointment Sunday morning, July 28, but he brought an interesting message on the last Six of the Ten Commandments Sunday evening.

Rev. Wesley Turner has been back with us since the closing of the revival at Plasterco Sunday, July 28th.

Mr. and Mrs. Slim Cooley helped with the singing during the revival at Plasterco.

Most of the dads and little brothers in this community played off from field work Tuesday and cleaned the church house and church grounds. Kenneth Green sponsored this work.

We extend a cordial invitation to all who would like to attend our revival meeting beginning August 2nd. Rev. Hamilton Wright, an evangelist from Baird, will hold the meeting. With the help of all, we should make this a revival that will be remembered through the years, not one that will last ten days and then be forgotten.

## BAPTIST CHURCH

The "day after election" affected attendance last Sunday in Sunday school, but it did not keep us from having a spiritual service. Five united with the church; three came upon profession of faith and for baptism. One of our largest night congregations witnessed the beautiful ordinance of baptism on Sunday night.

This Sunday we begin a new month, and we want to start off in high. Miss Bobby Jo Cox has been employed by the church for this month to help lead in our young people's work, and we are expecting great things. A special program is planned for Sunday night in which the young people will have full charge.

The church stands for the things which will preserve a nation in the time of crisis. But the church depends on the voluntary support of our people. Therefore, if you want a real, genuine, progressive church, you, and you alone, must decide to support with your all this worthwhile institution. There is a definite turn back to church in our attendance; we need to go deeper and pay the price of consecration that our influence as Christians may shine out as a lighthouse.

H. E. EAST, Pastor

## IN THE RUN-OFF

GILBERT SMITH

### TO THE CITIZENSHIP OF JONES COUNTY:

I sincerely appreciate the splendid vote you gave me on Saturday, July 27, and take this method of thanking each of you.

I tried to conduct myself during the first primary in such a way that those of you who did not support me will have no reason to regret doing so in the run-off. I assure you that I will continue to keep my campaign on a high plane.

The race was made solely upon my own merits, qualifications and record as a county official. I enter this second primary with the solemn pledge that if elected your County Judge I will give my full time to the duties of the office, giving you honest, fair and economical service at all times. I propose to serve the entire county, giving the same attention to the rural communities and small towns as I do the centers of population.

Won't you investigate my record as a public official and private citizen and give me the same opportunity of promotion as has been customary in the past?

Mrs. Smith joins me in expressing our deepest gratitude for your vote of confidence.

GILBERT SMITH,  
Candidate for County Judge

## ESCO WALTER

Thanks Voters

I sincerely appreciate the support the voters of the 104th Judicial District in Fisher, Jones and Taylor Counties gave me at the primary election Saturday.

I am grateful to the people for the nomination to the office of District Attorney, and it will be my purpose as your district attorney to faithfully and conscientiously discharge the duties of that office.

# Texas Oil Plays Big Part In

## The World Affairs

All but three of Texas' 254 counties now have oil or gas activity, E. L. Smith of Dallas, president of the Texas Mid-Continent Oil and Gas Association, reported after a State-wide survey just completed by association statisticians.

Reflecting the readiness of the Texas petroleum industry to meet any demands of the U. S. armed forces, a total of 158 counties out of the State's 254 now produce oil or gas or both, Mr. Smith said. An additional 93 have land under lease for oil and gas exploration, making a total of 251 out of the 254 with oil or gas activity. Only Mason, Llano and Rockwall counties are not included.

"Twenty-four additional Texas counties were opened for oil or gas production within the past 18 mos.," Mr. Smith said. "There are now over 900 separate oil and gas fields in Texas in contrast with around 20 in 1917-18 when Texas oilmen were called upon to furnish fuel for the army and navy."

"Although the number of wells then is not recorded, it certainly was fewer than the 15,450 producers first reported in 1922. Now Texas has 93,630 producing wells scattered over the State. Production of all Texas oil wells in 1917 was 90,000 barrels a day. Today the State is producing around 1,300,000 barrels a day under the most rigid restrictions and could be opened up to produce several times this amount if necessity arose."

During World War days, Texas

contributed only 6 per cent of the oil produced in the United States. Last year, despite closely curtailed output, this State produced 38 per cent. In 1922, first year oil reserves were estimated, Texas was credited with only 732,000,000 barrels in known reserves. Now Texas has 9,768,000,000 (billions), or over half of all proven unproduced petroleum resources of the nation. Last year the State produced around 435,000,000 barrels, but new reserves discovered amount to 805,000,000.

"All this expansion has been effected by the Texas oilman himself at his own risk and expense," Mr. Smith said. "The widespread and costly campaign of exploitation covering the entire State has resulted in opening nearly one thousand oil and gas fields in Texas and discovery of sixteen billion barrels of petroleum reserves, of which nearly ten billion are yet to be produced. And this has been done in the face of deeper and more expensive drilling, higher wages, higher costs for materials and vastly increased taxes. Texas oilmen now pay five times as high taxes as they did in 1918, yet the price of oil now is half what it was then while the average production per well is only a small fraction of that of the old gusher days. As for refining, Texas now has 141 plants with a daily capacity of 1,386,000 barrels, or nearly one-third of the nation's total. The Texas oil industry is ready to meet any national emergency."

## I GIVE YOU TEXAS

(By BOYCE HOUSE)

Election echo:

A candidate for sheriff, who received only 50 votes out of 4,000, showed up next morning with a six-shooter on each hip.

"What are you doing wearing those guns?" somebody asked. "You weren't elected."

"I know it but I figured that a man who had no more friends in this county than I have had better be ready to protect himself," the ex-candidate said.

Will the flood of jokes never cease? Here our contest has been running for a year and a half, yet we hadn't given these:

Am I hungry? Why, it's been so long since I've eaten that my stomach thinks my throat's cut.

And my shoe soles are so thin I can stand on a dime and tell whether it's heads or tails.

I've heard that the first million is the hardest, so I'm working on my second million now.

Can he drive? He can turn a car on a dime and give you back six cents' charge.

A city man who had hired out to work on the farm, when awakened at 3 A. M. to dig potatoes, asked, "Are they wild?" When the farmer said, "No," the new "hand" wanted to know, "Then why do we have to slip up on them in the dark?"

## George P. Hudson Thanks The Voters

Words cannot express my appreciation for the splendid majority I received in my race for county attorney, but I do want to thank you for your influence and support which you gave me, and I will try to show my sincere appreciation by rendering you faithful and efficient service in office.

GEORGE P. HUDSON

## METHODIST CHURCH

Rev. John W. Hendrix, Pastor

Last Sunday, just after a big election day and a night of election returns, was a hard day on the churches. Some of our people lost lots of sleep over it. But it will be all settled by this coming Sabbath. You are invited to worship with us, and to begin with the Church school which opens at 9:45 A. M. and is out at 10:45.

MORNING WORSHIP comes on at 10:50 and is out by high noon. The choir will invite you to join with them in singing some of the rich, old hymns of the church. The pastor will invite you to think with him over this subject, "Who Is worthy." Of what is worthiness made? This is the first Sunday, our regular day for holy communion, and many of our people make of this a time of rededication and prayer. It is one of the most inspiring services of the month. It will be all over and out by noon.

# My Loss Your Gain

At the rear of my store this Saturday, I will have on display the merchandise we were able to salvage from the fire which destroyed my place of business Thursday July the 25th. The supply is limited; come early.

EVENING WORSHIP is set for 8:15 and it is our sound intention to begin at that moment. The choir will be in its place, the people in the pews, such will assure promptness in the service. The subject of the sermon, "Shock Absorbers For The Conscience." And in our day of people who live just outside of the Kingdom, who have deep feelings on the subject of religion and right living there must be many such shock absorbers. Let's examine them, take 'em apart and look 'em over together Sunday evening.

Then our Leagues, Intermediate and Young People, meet at 7:30 turning out in time to share in the evening service. To these you are cordially invited, urged to be present.

## "Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

## HOW BIG CAN YOU THINK?

At best, the presidency of the United States is one of the world's toughest jobs. When a man takes the oath of office from the Chief Justice and goes to live in the White House, he accepts duties and responsibilities which will be with him every waking minute of his time.

The next president will take on an even tougher job than the great majority of his predecessors have faced. He will take office in a time of world crisis and national emergency. And as soon as he sits down at his desk he will have to grapple with problems whose solution is known to no one. He will have to be prepared to deal with changes and trends which menace all that

the United States has created since the Revolution, and which threaten the very foundations of our system of government.

The next president's most immediate problem will be that of national defense. It is apparent that we will be able to produce little that is tangible, so far as defense is concerned, this year. It takes time for a great nation to switch from a peace economy to a war economy. The groundwork for a workable program is being laid now, but difficult bottlenecks exist. And we start the defense program under the definite handicap of a \$45,000,000,000 national debt largely built up during the last eight years. There is a possibility that the debt will reach and perhaps pass the \$70,000,000,000 mark before we are done.

Even so, the defense problem, vital as it is, is perhaps the simplest of the next president's jobs—few question that we will find some way to produce and pay for the guns and airplanes and battleships we must have. Before him will be other problems, far-reaching and immensely difficult, which must eventually be solved. And here are a few of them!

There is the problem of trade. Today Hitler dominates the continent—tomorrow he may dominate all Europe. And Hitler does not deal in money, which means dealing in gold. He deals, instead, in barter. His economy goes back to the most primitive of economic systems. He says, in effect, "I have coal that you need—you have machines that I need—so we will trade them." The task of the United States will be to either meet Hitler's terms, which would involve a veritable economic revolution here, or to force him to meet our traditional trade policy—which few economists believe he will be willing or able to do.

There is the problem of agriculture, which is related to the problem of trade. We have spent immense sums in the name of farm relief, and it is apparent that we have gotten little of durable worth in return. Today the problem grows graver, as our foreign markets disappear. There is a certainty that Europe will want and need more of the produce of our farms and ranches—but there is also the certainty that Europe will be unable to pay for it. The next president, sitting in his ornate office, will have to seek a way out, and whichever way he turns there will be gigantic barriers between him and success.

There is the problem of unemployment, coupled with the problem of relief. The defense program will make many jobs, but it does not look as if it will take care of the millions of unskilled and little-skilled men and women who today are supported in one way or another by government. In some important

lines there is a serious shortage of workmen—many willing hands reach out for jobs, but they are not adequate to perform the tasks. Training people for highly skilled work takes a long time, and it also takes facilities which do not now exist in sufficient quantity.

There is the problem of the American standard of living. Whatever we spend for national defense—fifteen billion, twenty billion, thirty billion,—must eventually come out of the people's pockets. Perhaps fifteen per cent of the national income will now be devoted to armament, in addition to possible debt increase. That means that we will have fifteen per cent less to spend for housing, food, clothing, entertainment—all the luxuries and necessities. The next president will undoubtedly attempt to increase our national income sufficiently to make up for this—but, so far as we can see now, he is doomed to at least partial failure. It is almost universally agreed that the standard of living must suffer—that Americans will eat cheaper food, live in cheaper homes, spend less for subsistence and for pleasure.

There is the long-range problem of the effects of war and war preparedness on the entire economic structure. The factory that is built to make shells is either worthless when the emergency is over, or must undergo a costly revamping process. War-time booms, in other words, produce peace-time depressions—and the bigger the boom the longer and deeper the depression.

These are but a few of the problems the next president must face. It isn't an enviable job—Industrial News Review.

**PEOPLE OF THE HAMLIN TRADE TERRITORY** We have known of your splendid country and good people during the many years of our sojourn in West Texas and when it came time to look out for a location for another New Store, we found that all the good things we had heard of Hamlin was not as much as we found when making an investigation over a wide section of West Texas. We feel fortunate in getting a good location for a dry goods business in Hamlin and this is our first attempt to get acquainted with the people.

When the John Hassen Department Store offered to "Quit Business," and for sale, it was our opportunity to buy in, and we have his location, one of the best in Hamlin. We have restocked, completely, the entire store with brand new merchandise . . . . . goods of well known and long tried standard brands . . . . . and as "get acquainted prices," we are listing some extraordinary bargains that you can not afford to miss. Call in on opening day, meet our experienced sales force, and let them prove how glad they are to meet you and to help you select just the articles you need at the lowest prices yet offered in new merchandise. Bring the Children . . . Bring your friends and let's make the first days a big event in Hamlin.

## POT SHOTS FROM McCAULEY

BY GEO. DARDEN

The sun is still shining bright, the candidates have been thinned down to one and two in a hill and some hot run-offs are to be expected. May the best men win.

Mr. and Mrs. Lester Harris and children of Abilene were visitors in the home of Mr. and Mrs. Walter Faulkenberry last week end.

Mrs. G. W. Darden of Girard, Texas, grandmother of Geo. Darden is a visitor in the Darden home. Grandmother Darden is eighty-four years old.

The new Jones Garage is about completed, and is expected to be open for business about the first of August.

Mrs. L. E. Rector, Mrs. Lottie Rector, Mrs. Keller and her father, Pa Martin and Patricia Louise Rector made a trip to Coleman Sunday to visit Mrs. Lottie Rector's sister, Mrs. Barnett.

The Baptist meeting begins Sunday in McCauley. The pastor of the

First Church of Sweetwater will do the preaching.

A. M. Eivens who has been ill for the past few months is reported not any better.

Mr. and Mrs. Virgil Stephenson were visiting in the home of his mother Saturday and Sunday.

Mrs. Monroe and Mrs. J. W. Maberry have returned from a three weeks visit with Mr. and Mrs. Nute Stephens of El Reno, Okla. While away they visited Mr. and Mrs. Frank McCormack of Oklahoma City and relatives in Fort Worth and Jacksboro. Mrs. Stephens returned home with them for a visit.

George Maberry made a trip to Graham on business last week.

Sim Martin and Holden Jones were shopping in McCauley last week.

Political arguments have been going good in McCauley for the past two weeks. Of course, everybody thinks his man should win. In

fact we believe Mr. O'Daniel did win.

Marvin Davison and Johnnie Jas. Maberry are in New York City seeing the sights and having a big time.

The McCauley Boy Scouts and Scoutmaster, H. P. Powers, are leaving for a sight seeing tour to San Antonio and other places of interest in South Texas.

Mrs. C. P. Yates is in a hospital at Stamford. She is reported as better at this writing.

Mr. and Mrs. I. N. Brown were called to Comanche last week to be at the bed side of Mr. Brown's brother who is reported very ill.

Mr. and Mrs. Charlie Abbott are here for a visit with Charlie's mother and other relatives.

Betty Jo Abbott who underwent an operation at Abilene last week, is reported doing fine.

Mrs. Dick Maberry leaves Thursday for St. Louis, Mo., for an extended visit with a sister.

Members of the Federated club met at the Baptist church last Wednesday. Mrs. Miller of Hamlin was the guest speaker.

### THIS WEEK'S DARDEN-O-GRAM

Compulsory military training is a fine thing. We should have had it years ago. When a nation is prepared, other nations will think a long time before jumping on her. History has always repeated itself. Down through the ages there have been military men or would-be dictators whose sole ambition was to dominate the world by force.

We are now faced with a serious proposition, testing whether this nation or that nation will long endure. We as Americans should put forth every effort to back up our President and our Congressmen and show to the world that Americans will not sit and twiddle their thumbs and wonder whether or not we are doing the right thing by enforcing compulsory military training. The so-called fifth column is at work even within our own borders. France was overrun with the help of the fifth column. Shall we fall victims to propaganda and soap box orators or shall we stay with our leaders and keep America safe for our children and our children's children? To be sure we do not like high taxes, but it is better to pay now and prepare, than to take the risk of being under the influence of a mad man such as Hitler. Personally, we believe that this is no time to even think of changing Presidents or changing Congressmen. They are there on the ground floor and know the facts, so why elect new leaders in a perilous time like this? Other districts are sending their Representatives back to Washington. Let's send ours.

### BOYD CHAPEL CHIRPS

(By Mrs. L. F. Cozzen)

The Methodist meeting at this place closed Sunday evening. Rev. McMaster from Lueders did the preaching.

Mr. and Mrs. Reece and children of Westbrook spent the week end with friends and relatives of our community.

Miss Robbie Cornelius and Leta Bailey spent Saturday night and Sunday in the Cornelius home.

Mr. and Mrs. A. L. Haight of Hitson spent Sunday with their son Luther Haight and family.

Miss Edna Haight of Hitson visited her sisters, Mrs. Jessie Hancock and Mrs. Ernest Cozzen the past week.

We are sorry to lose the Tennons from our midst. Mr. Tennon moved Mrs. Tennon, Roy and Ralph to the Southwest part of Arkansas this week. Mr. Tennon will come back and work here till some time this fall, then he will join his family. Mrs. Tennon is going on now to do some canning and too, to get the boys started in school.

Mr. and Mrs. S. M. Hunter of Merkel visited in the home of their cousin, Mrs. L. F. Cozzen, Sunday afternoon and attended church services at this place Sunday evening.

Mr. and Mrs. J. P. Cornelius and Mr. and Mrs. Dorsey Bingham attended the reunion of Mr. Bingham's relatives in some part of East Texas, but I am sorry to say I don't know just where.

Mrs. Lester Woods, Mrs. Wortham Crow and Mrs. Amon Weaver visited Mrs. Crow's and Mrs. Weaver's mothers at Snyder several days the past week.

Misses Peggy and Louise Crow of Big Spring visited their grand parents, Mr. and Mrs. Judge Crow the past week.

Mrs. T. J. Dunn and daughters, Mrs. Maberry and children were visitors in our community Sunday.

Mr. and Mrs. Edd Jagers of Ropesville spent the week end in the home of Mr. and Mrs. J. P. Cornelius.

Mrs. Vaden Lester and small sons

## SAFEWAY

visited in the Cozzen home over the week end.

The V. R. Kellys are moving to the Park Tennon place this week.

Mr. Homer Harris of Stamford attended church services at this place Sunday evening.

Wanda Fay Bingham spent the past week with her aunt, Mrs. Dicie Rodgers of Hamlin.

Mr. and Mrs. Clinton Maberry and children spent Sunday with her parents, Mr. and Mrs. J. P. Cornelius.

### Thanks Fisher County

**Voters Precinct No. 2**

To the Voters of Precinct No. 2  
Fisher County:

I wish I could tell each voter who gave me their vote in the first primary, just how much I appreciate their support. It appears there is to be a run-off and I shall appreciate your continued interest and to those who did not cast their vote

for me, I solicit your support in the August 24 primary.

E. C. WALDROP

### Olin Potts Ran Second In Treasurer's Race

TO THE CITIZENS OF  
JONES COUNTY:

I take this method of extending my appreciation and sincere thanks for the splendid vote and support given to me in the first primary election, July 27. I am very grateful to my friends for each vote cast in my favor and for the influence that was used in my behalf during my campaign.

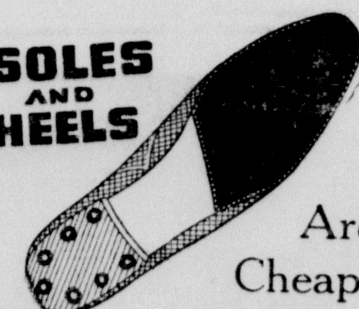

I want each of my friends who supported me in the first election to consider this as a personal appeal to return to the polls in the second primary and cast your vote again in my favor. To those who did not support me, I earnestly solicit your vote and influence in the second pri-

mary election. I shall do my best, see each of you before the election but if I should fail, please take this as a personal solicitation for your vote and any influence you may use in my behalf.

Sincerely, OLIN POTTS
